Enrichment with Baroody ended before spring break.

*Very successful in terms of numbers of kids that participated. Will discuss doing this in the fall next year.

Chef, Chess, and Math 24 Clubs will end on April 29th.

*These end next Tuesday. Will meet with club leaders to discuss next year.

Running, Garden, and Robotics continue

Yearbook

Want families to know that yearbook is being worked on.

Superintendent's Advisory Council on Instruction (SACI)

Report from Shade Oyeбанjo

Budget. Our question was about our enrollment and why our numbers are so low when other schools around us are overcrowded. Dr. McDade said she is aware and there is something in the works for that. Cost of living is getting so high, that many families are moving away. Also, many families are no longer expanding their families.

Chair – Kari Nieto

Secretary – Natalie Lint

Vice-Chair – Casey Joaquin

Supt Advisory Council – Abiodun Oyeбанjo

mvespac@gmail.com

PWCS enrollment has dropped from 92,000 to 89,000 and a projection a few years out is of 84,000.

Auditing the behaviors-MTSS team is working on looking at student behavior and to norm administrative responses to undesired behaviors. High schools are now creating a new position, Dean of Students. This position will handle the behaviors in the building, and hopefully this will help with consistency from school to school and in the buildings as well.

Open Chair Time

MOMS (Moms Of Marvelous Students) Group-Watch Moms, thank you for bringing that to MVES. Moms are very excited. It started today with our first mom. The purpose of the program is adult visibility. It is to increase safety in our building. Everyone who participates needs to be volunteered trained and possibly be Watch Mom trained.

Next Meeting

The last Advisory Council Meeting will be Tuesday, May 20, 2025 at 4:30 p.m.
